

Create an Emblem

Mr. Mash, our local police chief is looking for a new badge – emblem to put on his uniform. From all of the designs created, he will choose his favorite to be embroidered on his uniform!

Guidelines he is looking for- then the rest is up to you!

- You must use the emblem shield design that has been created for you on the handout. All ideas must fit within this border. The final patch will be 4x5 – actual size.
- Incorporate “Van Meter Police” some place within the design.
- You must use symbols similar to his occupation as a police officer and chief. (ex. Not fire and rescue, medical, k-9, sheriff star, etc.) – We will go through these ideas in class.
- Don’t make it personal- refrain from including his actual name on the emblem.
